Our breeding team from the Pardubice region in East Bohemia formed three generations of fanciers:

- Bohumil Filipi senior (1936)
- Bohumil Filipi junior (1960)
- Jan Filipi (1985)

With breeding of racing pigeons in Lazany began Bohumil Filipi senior in 1970 when he became a member of the club Prosec in province Pardubice. The breed was based on pigeons from local fanciers and pigeons from Mr. Matousek from capital city Prague. In the 80's and in the beginning of 90's have been carried pigeons from TOP national fanciers, mainly from their „old Belgian“ strains, i.a. Fabry, Verecke, Espt, Delbar, Janssen, Berg, Hentges, Bricoux, De Scheemaecker. In the beginning of 90's was our breed very successfully on long distances! At the end of the 90's and beginning of the new millennium has been developed cooperation with fanciers from Ceska Trebova. In cooperate with them was built in Ceska Trebova new loft. In this period we were also influenced by visits to one-loft final races in the Slovak Republic, where we brought young pigeons, which created the basis for our new breed.

In the end of 2005 most of the pigeons moved from Ceska Trebova back to Lazany where we started the current successfully period of our breed. Mainly due to youngest Jan. He is web developer, he made more than 20 websites for Czech, Slovak and German pigeons fanciers, one-loft races, on-line auction, eshops, etc. He work in company Foxconn CZ (Hon Hai Precision Industry Co., Ltd.) in Pardubice as IT Field Engineer.

In Lazany we concentrated especially on pigeons strains Schellens, Janssen, Horemans - Herbert Wieden, Van Hove-Uytterhoeven and Koopman. In 2011 were imported long distance pigeons from Chris Hebberecht, which will be pair with „old“ strains. Now we especially cooperate with Lubomir Kubacek, 1. Nat. General Champion Czech Republic 2010.

Our provincial association has 160 members. In the comparison of the best loft must all fanciers basketed to all of short, middle and long distance races, so they must join different races from 100-1000km. We have 25 different races with old pigeon in one season + 5 races with young pigeons. We succeed in different races, we are one of the most universal loft in our province, especially with young pigeon.

育种团队来自东波西米亚帕尔杜比采地区的祖孙三代:

菲利普祖辈 (1936年)

菲利普父辈 (1960年)

杨·菲利普 (1985年)

1970年, 菲利普祖辈加入帕尔杜比采省Prosec俱乐部, 于是开始了在拉扎尼的赛鸽运动。种鸽来自于当地鸽友一首都布拉格的马图塞克先生, 上世纪80年代末90年代初, 又从国家顶级鸽友那里引进了他们的“老比利时”血系的赛鸽。比如: 华普利、富雷卡、易速步、狄尔巴、詹森、伯格、恒吉斯、布利克斯、诺尔·迪斯迈克。上世纪90年代初, 他们的赛鸽在长距离比赛中非常成功! 90年代末新世纪初, 又与捷克特热博瓦的鸽友进行合作在特热博瓦建造了新鸽舍。这一时期, 他们参加了斯洛伐克公棚赛, 受益匪浅, 引进了幼鸽, 为打造新的种鸽奠定了基础。

2005年年底, 大部分赛鸽从捷克特热博瓦迁回到了他们赛鸽运动的发源地—拉扎尼, 主要原因是杨, 他是IT工程师, 就职于帕尔杜比采的富士康捷克分公司。杨为捷克、斯洛伐克以及德国的鸽友建立了20多个网站, 举行公棚赛, 网上拍卖及开网店。

在拉扎尼, 菲利普团队主要集中精力培养塞伦斯、詹森、贺雷蒙-贺伯特·韦登, 万侯-尤特豪芬和考夫曼血系的赛鸽。2011年, 他们从克利斯·赫博瑞那里引进长距离赛鸽, 用来和已有的血系进行配对。现在他们和获得2010年捷克最佳鸽舍冠军的库巴克·卢波米合作。

他们的省联社共有160个成员。为了争取成为最佳鸽舍, 鸽友必须参加短、中、长距离(从100公里-1000公里不等)的比赛。菲利普团队的成鸽每个赛季都要参加25场比赛, 幼鸽须参加5场比赛。他们在不同的比赛中都取得了成功, 是其所在的省中最杰出的一个鸽舍, 特别是幼鸽的比赛成绩更为优秀。
